

23 October 2018

Dear Parent / Carer

Re: Lockdown Drill

As part of our ongoing work to safeguard our students we are currently in the process of developing a procedure that will enable us to effectively prepare for, and safely perform, an academy lockdown. An academy lockdown is significantly different to a fire alarm; a lockdown procedure would typically be instigated should there be an intruder in the building or a dangerous person in the nearby area.

We would like to take this opportunity to inform you that today, Tuesday 23 October, we conducted a practice lockdown drill so that our students and colleagues could experience the procedures and processes that must be followed should we find ourselves in the position where we need to lockdown in future.

If you have any questions about our lockdown procedures, please contact the academy.

Yours faithfully

Chris Stokes
Principal
