Dear Parent / Carer

RE: Ofsted Inspection

As you may already be aware from your child, The Farnley Academy is currently being inspected by Ofsted. For any parents who have had children in schools that have previously been inspected, you might have received a letter from the Lead Inspector informing you that this is taking place. Unfortunately, owing to our Inspection being a 'No Notice Inspection', the procedures for providing such a letter are different.

Rightly so, The Farnley Academy is extremely proud of all aspects of our school provision. We welcome Ofsted visiting our academy and look forward to working with them.

As part of the letter that you would normally receive, you would have been provided with a link to the Ofsted Parent View page. We encourage all of our parents to complete the short survey to express your views about the Outstanding provision we offer here at The Farnley Academy. The link to this page is: <https://parentview.ofsted.gov.uk>

Yours faithfully

Chris Stokes
Principal
