

5 November 2019

Dear Parent / Carer

Before the October half term holidays, due to unforeseen circumstances, it was necessary for us to postpone our evening of 'An Exhibition to Remember'. I am pleased to inform you that we have now rescheduled this event, and we would like to invite you to our showcase on **Monday, 11 November 2019** from 6.00 pm - 8.00 pm.

The exhibition has been curated by the Creative Design department, showcasing the very best of creative talent across Years 7 to 11 at The Farnley Academy. The exhibition is based around a theme of 'Remembering', and the showcased work will be presented from a range of categories - memories and events, war and peace, friends and family and events and experiences. Visitors will be invited to vote for their favourite pieces, with the winners receiving prizes and certificates for their efforts in a ceremony at 7.30pm.

Visitors to the exhibition will also have the additional opportunity to be part of a collaborative Art and Design installation piece, which is being co-ordinated by our Year 11 Product Design students. This is a large scale installation that every visitor will be able to make a contribution towards and will be in place for the Remembrance ceremonies and assemblies that the academy holds every year in November.

All our entrants have worked incredibly hard on their submissions and we are proud to be able to showcase their work at the academy. It would be fantastic to see as many parents, carers and students there to support our designers, artists, photographers and creative writers in their efforts.

Entry to the exhibition is free, but should you wish to make a contribution, we will be collecting any voluntary donations to give to the Royal British Legion.

If you require any additional information, please do not hesitate to contact me.

Yours faithfully

Mrs R Carter
Strategic Leader of Creative Design
