

3 February 2021

Dear Parent / Carer

As you will be aware, as a result of the closure of all schools across England in response to the Covid-19 Pandemic, The Farnley Academy is currently providing online learning to students.

As part of our Mathematics teaching and assessment activities at The Farnley Academy, we will be using a website called 'Doctor Frost Maths' to complement our online remote learning processes, this will allow our Mathematics department to set and mark Mathematics tests.

It is important that we use this facility to help us to assess the understanding of our students remotely and this solution allows us to complete this within our existing The Farnley Academy IT systems; importantly the results of any assessments carried out will allow us to understand how your child is progressing and offer any necessary support.

If you have any questions regarding the use of Doctor Frost Maths, please don't hesitate to contact the Mathematics Department via email at info@farnley.leeds.sch.uk

Yours faithfully

Miss N Pickering
Assistant Principal (Mathematics, Attendance & Student Experience)
