

20 June 2023

Dear Parent / Carer

I hope this communication finds you in good health.

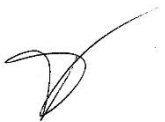

Year 10 students will be completing Masters assessments over the course of next half term to identify their position moving into Year 11. These assessments will be conducted under examination conditions in our examination hall and give the best possible indication of the grades that will be achieved. Clearly, with Year 11 still to go we expect lots of grades to change and improve over time but this will be as a result of hard work, excellent attendance, lots of homework and high-quality revision both at home and in the academy.

I have included a copy of Masters examination timetable. Please discuss this in detail and feel free to get in touch if you your child needs more support.

I look forward to supporting everyone in the improvements during next year. I will be updating you on strategies to support this improvement over the coming weeks.

I will send all results home before the end of the year as these grades will be used for initial college applications.

Yours faithfully

Mr Cosgrove
Senior Vice Principal
